

Office of the 10th Brigade OIC

STARFLEET Marine Corps

The Following allowance is being made to the Brigade, the Brigade allows for the use of Canadian Style BDU for all activities that the STARFLEET Marines Corp use BDU for. This allowance is made partly for easy of finding local BDU styles rather than US BDUs due to costs involved in some cases especially for shipping. Overall the Brigade recognizes that BDU are often more expensive in Canada and Ship across the border in either direction is a great cost when sourcing Uniforms.
